## MINUTES OF THE PROVINCIAL AGRICULTURAL LAND COMMISSION

A meeting was held by the Provincial Agricultural Land Commission on November 20, 2012 at the offices of the Commission located at #133 – 4940 Canada Way, Burnaby, B.C. as it relates to Application #52871.

### COMMISSION MEMBERS PRESENT:

Richard Bullock	Chair
Jennifer Dyson	Vice-Chair
Gordon Gillette	Vice-Chair
Sylvia Pranger	Vice-Chair
Bert Miles	Commissioner
Jim Johnson	Commissioner
Jerry Thibeault	Commissioner
Lucille Dempsey	Commissioner
Denise Dowswell	Commissioner
Jim Collins	Commissioner

### COMMISSION STAFF PRESENT:

Liz Sutton	Land Use Planner
Brian Underhill	Executive Director
Colin Fry	Executive Director

---

**PROPOSAL:** To subdivide a 2 ha lot from the 63.4 ha property (39.3 ha are within the ALR).  
(Submitted pursuant to section 21(2) of the *Agricultural Land Commission Act*)

---

### LEGISLATIVE CONTEXT FOR COMMISSION CONSIDERATION

Section 6 (Purposes of the commission) of the *Agricultural Land Commission Act* states:

- 6 The following are the purposes of the commission:
  - (a) to preserve agricultural land;
  - (b) to encourage farming on agricultural land in collaboration with other communities of interest; and
  - (c) to encourage local governments, first nations, the government and its agents to enable and accommodate farm use of agricultural land and uses compatible with agriculture in their plans, bylaws and policies.

---

### COMMISSION CONSIDERATION

After considering the file information the Commission concluded as follows:

1. In assessing agricultural capability, the Commission refers in part to agricultural capability mapping and ratings. The ratings are interpreted using the Canada Land Inventory (CLI),

'Soil Capability Classification for Agriculture' system. The improved CLI ratings applicable to the subject property are Class 5CP, Class 6T, and Class 7T:

Class 5 - land is capable of production of cultivated perennial forage crops and specially adapted crops. Soil and/or climate conditions severely limit capability.

Class 6 - land is important in its natural state as grazing land. These lands cannot be cultivated due to soil and/or climate limitations.

Class 7 - land has no capability for soil bound agriculture.

Limitations: (C ) climate, (P) stoniness, and (T) topography.

The proposed parcel for subdivision includes only a small portion of ALR land which is predominantly limited by topography.

**Conclusion:** The proposal will not adversely impact existing or potential agriculture on surrounding lands because the land falls predominantly outside of the ALR.

2. The Commission notes that there are portions of the proposed remainder parcel which appear to have good agricultural capability and are presently situated outside the ALR.

**Conclusion:** Including into the ALR the arable portions of the land presently situated outside the ALR will more accurately reflect the agricultural land base.

**IT WAS**

**MOVED BY:** Commissioner Collins

**SECONDED BY:** Commissioner Miles

THAT the request to subdivide a 2 ha lot from the 63.4 ha property be approved. Staff is directed to prepare a sketch plan identifying the location of the approved lot and to attach the sketch plan to the letter communicating this decision.

AND THAT the approval subject to the following conditions:

- the subdivision be in substantial compliance with the sketch plan;
- the subdivision plan must be completed within three years from the date of this decision;
- the submission of an inclusion application pursuant to section 17(3) of the *Agricultural Land Commission Act* proposing to include into the ALR the arable non-ALR portions of the remainder parcel. Staff is directed to prepare a sketch plan depicting the areas for inclusion to accompany the decision letter.

AND FINALLY THAT this decision does not relieve the owner or occupier of the responsibility to comply with applicable Acts, regulations, bylaws of the local government, and decisions and orders of any person or body having jurisdiction over the land under an enactment.
