Further to correspondence received August 1, 2006, the Agricultural Land Commission Commission, acting under section 33 of the *Agricultural Land Commission Act*, has reconsidered the above noted application.

The Commission, by Resolution #453/2006, will allow the location and use of four new portable classrooms to be located on the existing paved surface, formerly approved by the Commission for a covered play area.

This approval is granted provided that your proposal is in substantial compliance with the plan attached hereto.

Please note that this approval should not be interpreted in any way as signalling any intention to allow further school expansion on the present site.

The land referred to in the application continues to be subject to the provisions of the Act and regulations except as provided by this approval.

This approval in no way relieves the owner or occupier of the responsibility of adhering to all other legislation that may apply to the land. This includes zoning, subdivision, or other land use bylaws, and decisions of any authorities that may have jurisdiction. Before your development can proceed, other approvals may be necessary and we urge you to check with the District of Pitt Meadows.

Please quote your application number in any future correspondence.

Yours truly,
