Dear Mr. Frattura:

Re:

Application #W- 36434-0

Parcel A (F8005), Section 12, Township 78, Range 18, West of the 6th

Meridian, Peace River District

The Provincial Agricultural Land Commission (the "Commission") has now concluded its review of your application to subdivide the above mentioned 7.0 ha lot into two 2.1 ha lots and one 2.8 ha lot. The application was submitted pursuant to section 21(2) of the *Agricultural Land Commission Act*.

The Commission wishes to thank you for taking the time to meet with its representatives on May 1, 2006. The Commission found the meeting and site visit informative. While the Commission appreciates that your property is smaller in size than surrounding properties; the Commission is not supportive of subdivision in this area as it is the Commission's experience that small lot subdivision fosters conflict with adjoining farm parcels (and can limit agricultural development) through trespass and complaints about typical farm noise and smells.

For these reasons, the Commission refused your application as proposed.

The decision noted above is recorded as Resolution #203/2006.

Yours truly,

PROVINCIAL AGRICULTURAL LAND COMMISSION

Site Inspection

A site inspection was conducted on May 1, 2006. Those in attendance were:

- Commissioners Read, Kendrew
- Agricultural Land Commission Staff: Simone Rivers, Regional Research Officer and Martin Collins, Planner
- Applicant: Rob Frattura
- Agent: James Fenton

The Commission met the applicants at the subject property. They viewed the property with the applicants and discussed their intention to subdivide the 7 ha property into three lots.

The site inspection lasted from 3:30 p.m. to 4:00 p.m.

Commission Discussion

The Commission noted that the property was in an area of large holdings. The Commission did not believe the subdivision would benefit agriculture and was concerned about the impact of additional rural residential lots in this area of large agricultural holdings.

IT WAS

MOVED BY:

Commissioner Kendrew

SECONDED BY:

Commissioner Read

THAT the staff report be received and the application to subdivide the 7.0 ha property described as Parcel A (F8005), Section 12, Township 78, Range 18, West of the 6th Meridian, Peace River District into two 2.1 ha lots and one 2.8 ha lot be refused as requested on the grounds that the creation of rural residential lots in an area of predominantly large holdings will have a negative impact on surrounding agricultural operations.

This approval is subject to compliance with any other enactment, legislation or decision of any agency having jurisdiction.

LOCAL GOVERNMENT RECOMMENDATIONS/COMMENTS:

Peace River Regional District Board: That the Regional Board support and authorize the application... to proceed to the Commission.

Peace River Regional District Planning Staff: Planning staff recommended the application be refused by the Regional Board on the basis that the proposal is not consistent with Official Community Plan policies and zoning regulations. It is non-conforming in terms of minimum parcel size with respect to the applicable Official Community Plan designation and Zoning regulation. Further subdivision would require OCP amendment and rezoning.

Class 4 - Land in this class has limitations that require special management practices or severely restrict the range of crops, or both.

The agent stated that the proposed subdivision is intended for resale to meet a demand for small acreages outside Dawson Creek."
