Dear Mr. and Mrs. Pereverzoff:

Re: Application to Subdivide Land in the Agricultural Land Reserve (ALR)

Please find attached the Minutes of Resolution # 377/2012 as it relates to the above noted application. The Commission draws your attention to Section 33(1) of the *Agricultural Land Commission Act* which provides an applicant with the opportunity to submit a request for reconsideration based on specific criteria.

- 33(1) On the written request of a person affected or on the commission's own initiative, the commission may reconsider a decision of the commission under this Act and may confirm, reverse or vary it if the commission determines that:
- (a) evidence not available at the time of the original decision has become available,
 - (b) all or part of the original decision was based on evidence that was in error or was false.

A revised proposal does not constitute new evidence and as such is not a basis for reconsideration. The time limit for submitting a request for reconsideration is one (1) year from the date of this letter.

Further correspondence with respect to this application is to be directed to Lindsay McCoubrey.

Yours truly,

PROVINCIAL AGRICULTURAL LAND COMMISSION

PROPOSAL

To subdivide the 4.0 ha subject property into two 2.0 ha lots.
(Submitted pursuant to section 21(2) of the *Agricultural Land Commission Act*)

LEGISLATIVE CONTEXT FOR COMMISSION CONSIDERATION

Section 6 (Purposes of the commission) of the *Agricultural Land Commission Act* states:

- 6 The following are the purposes of the commission:
 - (a) to preserve agricultural land;
 - (b) to encourage farming on agricultural land in collaboration with other communities of interest; and
 - (c) to encourage local governments, first nations, the government and its agents to enable and accommodate farm use of agricultural land and uses compatible with agriculture in their plans, bylaws and policies.
-

COMMISSION CONSIDERATION

After considering the information the Commission concluded that the proposal would reduce the size of the subject property for potential agricultural use, would result in parcelization within the existing ALR framework and does not provide any agricultural rationale to support the proposed subdivision.
