Dear Mr. Mason:

Re: Application to Subdivide Land in the Agricultural Land Reserve (ALR)

Please find attached the Minutes of Resolution #455/2012 as it relates to the above noted application. As agent, it is your responsibility to notify your client(s) accordingly.

The Commission draws your attention to Section 33(1) of the *Agricultural Land Commission Act* which provides an applicant with the opportunity to submit a request for reconsideration based on specific criteria.

- 33(1) On the written request of a person affected or on the commission's own initiative, the commission may reconsider a decision of the commission under this Act and may confirm, reverse or vary it if the commission determines that:
- (a) evidence not available at the time of the original decision has become available,
 - (b) all or part of the original decision was based on evidence that was in error or was false.

A revised proposal does not constitute new evidence and as such is not a basis for reconsideration. The time limit for submitting a request for reconsideration is one (1) year from the date of this letter.

Further correspondence with respect to this application is to be directed to Liz Sutton.

Yours truly,

PROVINCIAL AGRICULTURAL LAND COMMISSION

| Liz Sutton | Land Use Planner |
| Brian Underhill | Executive Director |
| Colin Fry | Executive Director |

PROPOSAL

To subdivide one 1.0 ha lot from the 16.2 ha property.
(Submitted pursuant to section 21(2) of the *Agricultural Land Commission Act*)

LEGISLATIVE CONTEXT FOR COMMISSION CONSIDERATION

Section 6 (Purposes of the commission) of the *Agricultural Land Commission Act* states:

- 6 The following are the purposes of the commission:
- (a) to preserve agricultural land;
 - (b) to encourage farming on agricultural land in collaboration with other communities of interest; and
 - (c) to encourage local governments, first nations, the government and its agents to enable and accommodate farm use of agricultural land and uses compatible with agriculture in their plans, bylaws and policies.

COMMISSION CONSIDERATION

After considering the information the Commission concluded as follows:

1. The Commission notes that the application is in an area of predominantly large agricultural parcels and that there are small residential parcels in the area located outside the ALR.

Introduction of residential parcels into the ALR would increase the residential use of agriculturally designated land. In addition, the applicant does not provide any agricultural rationale for the proposed subdivision.

Conclusion:

The introduction of a small residential parcel into an area of agricultural parcels would be inconsistent with the objective of the *Agricultural Land Commission Act* to preserve and encourage agriculture.

2. The Commission noted the applicant referred to section 946 of the *Local Government Act* (LGA) as a factor in support of the request to subdivide the subject property. Section 2 of the *Agricultural Land Commission Act* (ALCA) establishes primacy of the ALCA over other legislation. More specifically:

- 2(1) This Act and the regulations are not subject to any other enactment, whenever enacted, except the *Interpretation Act*, the *Environment and Land Use Act* and the *Environmental Management Act* and as provided in this Act.

The LGA is subordinate to the ALCA and as such section 946 in no way compels the ALC to approve a subdivision involving ALR land. The ALC recognizes section 946 as a tool available to local government to accommodate a subdivision for a relative where the proposed lot is smaller than the minimum lot size specified in a zoning bylaw. If a subdivision for a relative involves land in the ALR, the local government can only use section 946 if an ALR application for subdivision has first been approved by the ALC. The ALC's consideration of subdivision proposals will be done in accordance with the purposes of the ALCA provided in section 6.

Conclusion:

The consideration of Section 946 of the LGA in support of the subdivision proposal is inconsistent with the purposes of the ALC.
