Application Portal Applicant FAQs

What is the Application Portal?

The Application Portal is an online system that enables applicants, local governments and ALC staff to complete the application process in a single platform.

Why the move from paper applications to online?

The Application Portal will provide more transparency for the applications received, considered, and decided upon by the ALC.

Does the ALC still accept paper based applications now that the Application Portal has launched?

Local governments and the ALC will no longer accept paper forms.

How is the application payment made?

After you have submitted your online application, you will receive an email with instructions to determine the acceptable form of payment. There are no online payment options within the Application Portal at this time.

Do I need to complete the application in one session?

No. You can logout and return at a later date to complete your application.

If I do not have access to the internet at home, how do I make an application?

An application can be made from anywhere there is access to the internet. If you are not able to access the internet from home or at a friend's or family's home, BC public libraries usually have computer terminals available to the public. Alternatively, you can use an agent (e.g. friend, family, professional, etc) to make the application on your behalf.

How is the Application Portal accessed?

The Application Portal will be accessed from the ALC website www.alc.gov.bc.ca.

In order to login to the Application Portal, you will be required to use either a Basic or Business BCeID account which will be your user identification. The minimum requirement is a Basic BCeID account which does not require verification of personal information, but will ensure that the same person is logging in to the Application Portal each time.

How do I get a BCeID Account?

- Go to the www.bceid.ca
- Begin BCeID registration
- Select Basic or Business BCeID account
- Select "Register without specifying an Online Service"
- Complete the registration and keep your BCeID username and password to login to the Application Portal

You can also use an existing Basic or Business BCeID account.

Are there additional instructions and examples to help with my application?

Detailed application instructions, links to sample applications, templates and supporting documents are located on the ALC website.

Within the Application Portal there are also 'Learn More' buttons with examples and explanations.

Who can see the application?

All information (except contact details) submitted to the ALC in the Application Portal can be viewed by the public. Please avoid sensitive or confidential information in your application.

How will I know the status of my application?

You will be able to view the status of your application by logging into the Application Portal.

Who should I contact if I am having technical problems?

If you are having technical problems with the Application Portal, please contact the ALC directly.
